Gordon Legal is the law firm that helps everyday people when they need it most, and nowhere is that truer than with our Wodonga lawyers. With years of experience winning hard cases and fighting for our clients' rights, we talk straight, we listen, and we are great at what we do.

Most importantly, we look after every client and their claim with compassion and understanding. This is a central tenet of our work in Wodonga. We understand that you often need a lawyer during the most difficult time in your life, and you need someone who is going to take your case personally. We do. For years, Peter Gordon has been fighting for the rights of injured people as a class action lawyer. If you've suffered an unexpected life event such as a workplace or road injury, family matter or a commercial dispute, contact our experienced team of Wodonga lawyers who are ready to provide the best advice and support for you.

What questions should I ask before hiring a lawyer?

It's always good to ask questions when you're looking for a lawyer. The better candidates will answer with honesty and integrity while being patient and generous as you seek to understand.

We recommend asking the following questions when you first start looking for a lawyer – even when you're talking to us:

- What is your area of expertise?
- How many similar cases have you handled?
- Do you have any special training or experience to help handle my case?
- What is your approach when handling a case?
- What is your payment arrangement?
- How will I be involved in my case/what is expected of me?

We believe it's really important that our clients have the information they need when it comes to their legal matters. With our team of Wodonga lawyers, your questions will be welcomed with candour. The more questions you ask, the more information you'll have to ensure you're making the most informed decision you can.

How much does it cost to hire a lawyer?

Hiring a lawyer will often cost money, and we understand that one of the first questions that may come to your mind is how much a lawyer costs.

That's why for certain services, we offer a 'No-Win No-Fee' system, so you don't have to worry about upfront legal fees. This will often apply to personal injury cases and will allow you to focus on your recovery journey while we get to work. We will run your case for you without accepting payment when you are eligible for a No-Win No-Fee agreement until a successful outcome is reached. Once the case is successful, the legal fee is deducted from your settlement. If we are not successful, you don't pay our fees.

For some of our other services, factors including the complexity of your case, the assistance needed from team members, and the number of documents required influence how costs are calculated. The result is that fees for our Wodonga lawyers will vary case by case though we will always do our best to keep your cost low. We'll always keep you informed and give you the answers you need along the way.
